

This year I had to combine the Men's A & B leagues. In an attempt to make it fair to the B league, we will keep track of their standings within the overall standings. Last week of play we will have a playoff with A league playing A league and B league playing B league for final standings. Trophies will be given to both A & B leagues. Below is a sample of what the standing sheet will look like. Handicap will still be given for the top overall 3 places

Year end banquet is normally 2 weeks after leagues end. This year we are combining Men's & Mixed league banquets so banquet date might have to be adjusted.
